Field Expedient Repair Kit (FERK) PN: MR201601

The Field Expedient Repair Kit was developed with the end user in mind. It includes everything needed to complete repairs in the field with speed and efficiency. Having all of these tools and materials available at a critical moment can determine the success of a mission. Our kit provides maximum adaptability and practical applications so you can get the job done fast.

- It is small and compact, yet loads with all the tools and supplies you need to complete repairs quickly in the field.
- The modular design provides instant identification of the tool and supplies you need to complete a reliable field repair. This gives you the advantage when time matters most.
- The kit is adaptable and provides generous space to customize its' payload to meet the repair needs of any vehicle type - on land, sea or air.
